Domino Design

Designed for Real Life

- Minimum operator intervention
- Service free operation
- Active systems, reducing waste

i-Pulse

Print Head & Inks

- Perfect drops every time
- 9 drop quality at 7 drop speeds
- Inks for even the toughest substrates
- Matching of print heads and ink
- Multiple print size options

i-Techx

Putting you in Control

- Designed for the factory of the future
- Smartphone usability levels
- High throughput variable coding
- Flexible configurations

AxI50i CIJ Printer

Optimum Line Availability

Continuous production can be maintained with optimum line availability as there is no need for specialist skills or tools to replace the i-Tech Module. CleanFill technology and colour-coded, one-fit consumables eliminate the risk of spillage or mess.

Next Generation Coding Technology

Introducing i-Pulse. An industry-leading breakthrough in Continuous Ink Jet technology, i-Pulse print heads control individual ink drop formation resulting in significant gains in ink usage, droplet accuracy and placement at traditional print speeds.

Flexible And Easy To Use

Operation is simple. With language and character options in the Domino QuickStep software you can set the ideal touchscreen format for your operators ensuring easy-operation. The AxI50i can be customised using plug and play add-ons to enable additional functionality available at install or for later upgrades.

SafeGuard Service Plan

Fix your spares and service costs for up to seven years with our SafeGuard packages. Remote diagnostics often gets you up and running immediately or ensures a Domino engineer arrives prepared and with the right genuine spares. Additional options include training, optimisation visits, priority response, remote monitoring and 24/7 helpdesk.

Tech Corner

As a member of EuPIA Domino can supply inks which are manufactured in accordance with current EuPIA Good Manufacturing Practices. Domino inks also take into consideration Inventory Lists like the Swiss List, and we offer a number of solvent bases that are drug precursor free.
